

Cascade Swim Club

Document: Officiating Deposit Policy Document

Application: At registration all members of the Cascade Swim Club competitive programs are required to pay an officiating deposit. This officiating deposit is collected upon registration unless there is a family member fully certified in all level 2 officiating courses as per Swim Alberta guidelines. Families with a member fully certified in all level 2 officiating courses per these guidelines are exempt from having to pay this deposit.

Policy Statement:

The Cascade Swim Club will ensure that the club always has the required amount of officials inside its membership body to be able to host a swim meet. In order to ensure this goal is met members are required to take a new officiating course every season and become certified in that role.

Roles and Responsibilities:

Once a Cascade member takes an officiating course and completes an on deck shadow shift, they are to notify the club Certification Lead. The Certification Lead will forward this information to the Accounting department at which time their "officiating deposit" will be returned to them in the form of credit on their family account.
