## Development Squads 6 to 9

Starting off as the first swimmer of the month for 2021 is Claire Petty from Squad 9! Claire has done an outstanding job following along with the progressionary steps needed to improve her swims, taking each step one at a time she has built up a solid foundation for her Freestyle and Backstroke. I can't wait to see you racing in swim meets Claire keep up the great work!

Breanne is this years first swimmer of the month for squad 6! All season Breanne has come to practice with a positive attitude and is always ready to work hard. She's very determined and is great at taking technical feedback and trying to apply it right away. She's not afraid to lead the lane, and is great at knowing when to go and listening to what the set is. She's had great improvements in all her strokes which is resulting in some fantastic times. Keep up the great work!

## Competitive Squads 1 to 5

Next swimmer of the month is Solena Chernov from Squad 3. Solena has done an excellent job this season. Every practice she is actively listening to corrections, applying the corrections, and trying her absolute best to become a swimmer. Solena has set some big goals for her self this season and she is always checking in with her coach and herself to stepping closer and closer to those goals. Great job Solena!

Sam Southen is the Squad 1/2 swimmer of the month. Sam has picked up his training considerably this winter and has developed the confidence to now take a lead in practices and training. Sam has worked hard on all his strokes and is now starting to see some big improvements in his racing and training as he accumulates Divisional Championship times and works towards achieving some Provincial time standards.
