Motion to Adjourn the Meeting

Next AGM to be held October 2024 (Time and Date TBD)

Welcome everyone, and thank you so much for attending our Annual General Meeting. Being here is your opportunity to exercise your rights and participate in the decision-making process of the club, and to hold the board and our coaches accountable. You are accessing information about our financial health, performance and future plans. Tonight is a platform for direct interaction with the current board and is an opportunity to ask questions, seek clarifications, and express concerns. You will have 4 new members join the Riptides Board this evening, and we are grateful for those that have put their names forward.

Since our last AGM in October of 2022, we have held swim meets, traveled with our swimmers to meets away, and many sent their swimmers to Edmonton with our coaches to have a great Team Travel experience. With Covid restrictions no longer keeping us close to home, our swimmers were able to experience a “normal” season as part of the team. Our club parents and guardians stepped forward to volunteer and everything ran smoothly throughout the whole season. Thank you so much to all of you for making this possible and a huge thank you to our Head Coach Scott and all of our coaching staff, including our Junior Coaches, for your hard work, commitment, and dedication towards a successful season. We look forward to seeing what all of our swimmers can accomplish during the 2023/2024 season that lies ahead.
