

UCSC OFFICIATING COMMITMENT

Swim Meets Hosted by UCSC

Swim competitions are run by the parents and therefore all UCSC families are required to officiate at swim meets hosted by UCSC. **Please note: meets may change, UCSC will let the membership know as soon as possible if there are any changes.** UCSC maintains a system of “points” to ensure that officiating is shared equitably and encourage parents to become qualified in advanced positions. Please note, policies may change.

Accountability

We maintain a system of “points” to ensure that officiating is shared equitably and to encourage parents to become qualified in advanced positions.

- Points owing are calculated twice per year March 31 and July 31 for all UCSC Families
 - the fine for failure to complete the officiating commitment is \$1.00 per deficit point and this will be charged to your family swim account on both April 1 and August 1
 - points are reset to 0 on April 1 and August 1
 - points must be worked at the assigned meet; banked points will be capped at 300 (exception: chaperone points)
 - all families must sign up to officiate at the mandatory meets (surplus points MAY NOT be used at these meets)
 - workback point opportunities may be available throughout the season but can only be earned in designated workback point positions.
 - please read through the officiating policy for more information

Advanced Levels of Officials’ Certification

- Parents in our Development Program (CH, SD) are required to have their Level 1 Certification.
- Parents for swimmers TREX and up are required to have Level 2 Certification.
- We recommend Level 3 for our parents in our 12 + groups.

Meets Hosted by UCSC

Please see below for all UCSC hosted meets. Please note there is 1 meet that all UCSC parents are required to officiate at whether you have a swimmer in the meet or not. This meet is marked with ** and highlighted in yellow.
