

Lord Byng Pool COVID-19 Procedures

- 1) Prior to arriving at Lord Byng, swimmers must conduct a Self-Assessment for COVID-19. This can be done using the BC COVID-19 App or at the following link: <https://bc.thrive.health/covid19/en>.
- 2) Parents will drop off swimmers along West 14th Avenue in front of the pool. Swimmers will walk toward the main entrance door (the second door of Lord Byng) and will be greeted by a VPSC coach.
- 3) Swimmers should NOT arrive at the pool more than 15 minutes prior to the start of the training session. Swimmers MUST arrive wearing a mask. Upon arrival, a VPSC coach or volunteer will conduct a COVID Pre-Screening questionnaire and attendance with the swimmer outside the entrance of the facility.
- 4) Swimmers MUST arrive “swim ready”, meaning they have their swimsuit on under their clothes, as changerooms will NOT be made available.
- 5) **IMPORTANT:** Parents should not leave until a swimmer has completed their check-in with the coach.
- 6) Coaches will then lead swimmers on to the pool deck, through the designated change rooms and direct swimmers where to put their belongings and assign them a lane.

****A reminder that there will be no access to the changerooms, so swimmers should come with their swimsuit on and ready to go. Packing a towel, sweatshirt and easy slip on shoes to throw on after the session is a great idea for the walk back to the drop-off/pick-up area.**

7) Swimmers will be reminded to maintain proper social distancing at all times that they are on the Lord Byng property.

8) Upon completion of the session, swimmers will be led through the exit by a coach, but staying on the right hand side. The coach will lead swimmers out the door and to the parking lot. Parents are encouraged to please pick their swimmers up on time, as we will also be welcoming the next group onto the property.

9) If a swimmer develops symptoms for COVID-19 at a training session, your swimmers coach will reach out and they will need to be picked up immediately from practice. Our VPSC COVID-19 Officer (covid19officer@vancouverpacificswimclub.com) will reach out, in order to communicate our policies and the next steps for your swimmer.
